Staff Christmas Party 1978.

November 15, 1978
NO-1911-934.1-JF.

Based on a quick inquiry among the employees concerning the Staff Christmas Party, it appears to be a majority for portponding the party, until after the liqueur strike.

However, the same majority would like to have the party as soon as possible after the strike is lifted, or if the strike continues after December 15th, to set a new date in January or February, regardless of the strike.
