Canteen Main Dish Prices

It has been found necessary to make some changes in the price of the daily hot dish in the canteen. There are two reasons for this. Firstly, the price of meat and fish has risen considerably since January 1 this year. Secondly, main-dish sales on days when whole meat (steaks, chicken, stroganoff etc.) are served are very high, whereas the days when minced-meat and fish products are used the sales are much lower, thus proving it no longer economically feasible to base the main-dish price on an average cost of N.kr. 9,50.

Therefore, with effect from June 1, 1980, the new prices for main dishes will be as follows:

1. Fish & mincemeat products N.kr. 8,00
2. Meat with bones etc. N.kr. 12,50
3. Steaks, stroganoff, chicken etc. N.kr. 16,00
